VOL. 94, NO. 76

BAY ST. LOUIS, MISSISSIPPI

SUNDAY, SEPTEMBER 22, 1985

SINGLE COPY, 25 CENTS

THREE SECTIONS, 28 PAGES

KICK RETURN-Charles Burton, 30, eludes several would be tacklers on a great individual effort, returning a kickoff to the Hancock North Central 38 yard line after the Stone County Tomcats scored to take a 14 point lead in the third quarter Friday night at Perkinston. The Hawks failed to capitalize on

numerous scoring opportunities and lost the high school football contest 14-6, a loss head coach Irvin Favre termed 'disappointing.' Story and another photo appear on page 10A. (Echo photo by Randy Ponder)

Waveland millage remains unchanged

BY DENA BISNETTE
Waveland residents can expect no change in their city taxes this year. The Waveland Board of Aldermen voted Wednesday to approve the city's 1985-86 millage rates. The total millage has been set at

13.5, the same as last year, Mayor John Longo said. The millage is divided into 8.5 mills for the city general fund, 1.1 for recreation, 0.8 for operation of the Waveland library, 0.5 for construction of the Waveland library,

2.0 for state loan retirement and 0.6 for the city's bond and interest fund.

Longo said no extra taxes will be added for hurricane clean-up as has been done in Bay St. Louis.

He said that the clean-up is being completed on an in-house basis by city crews. Additional equipment has been lent to the city by Beat One Supervisor Bert Courge.

He publicly thanked City Superintendent Herman Yarbrough for his efforts in coordinating debris clean-up and collection.

"With Herman and his crew we have had no waste and no inefficiency, which keeps the expense to a minimum," Longo said.

He said the clean-up will be continued as an in-house operation

without the use of outside contractors.

In addition, the board gave final approval for its proposed 1985-86 budget after no objectors attended a public hearing on the matter.

In other business, the board: —Turned a proposal for city participation in a volunteer clean-up assistance program over to its attorney, Lucien Gex, who will determine whether the city could be held liable for injuries to volunteer workers; and

—Approved the appointment of Susan Jacoby to tax collector and Dorothy Vogt to deputy city court clerk.

The board meets again Oct. 1.

BaySide drainage to be surveyed

BY DENA BISNETTE
Hancock County Beat One Supervisor Bert Courge has requested an elevation survey to determine the best way to correct a drainage problem in BaySide Park.

A resident who has complained about the matter, Archie Dantin of Hancock Street, contends that the survey is not needed.

He believes that problems with flooding in two yards along the east side of Hancock Street could be solved by digging a ditch on the west side and extending it around the western corner of Hancock Street and DeSoto Drive.

Dantin maintains that the ditches on the west side are not adequate to handle the water from heavy rains.

"I'm not talking about hurricane weather. I'm just talking about heavy rain. It's fine for the first hour but after the ground gets saturated water backs up into my yard," he said.

"People laugh because my neighbor over here can't come past the steps of his house. There is that much water."

"I'm not out to see anybody's lawn damaged but something has to be done."

He alleged that Courge had refused to return his telephone calls and said the supervisor had been "saying he'll do something for a long time now."

Courge said he believes that Dantin's proposal goes against the subdivision's natural drainage pattern.

He said he has asked County Engineer Larry Seal to conduct the survey to determine how the problem can be relieved without disrupting the pattern.

"I told Mr. Dantin that but he doesn't want me to do that. He just wants me to dig ditches on the other side of the street, but I think I should get the engineer's recommendation," Courge said.

"There is a definitely a drainage problem but it is in the original layout of the subdivision. There isn't enough drainage in the whole BaySide Park area."

Courge said he has already spent about \$10,000 in Beat One funds replacing worn out metal culverts with double rows of single culverts on subdivision streets east of Hancock Street.

About three months ago, the county provided an additional ditch alongside Dantin's property to assist with drainage.

The supervisor explained that Dantin's pattern for drainage would have water flowing west along DeSoto. Because of the way the land slopes, however, water flows south along Hancock Street and then east. Courge said he will make no

DRAINAGE—Page 2A

Local schools, police to observe safety week

BY BRENDA HEATHCOCK
Local officials are pooling resources to promote National School Bus Safety Week Sept. 22-28.

Bay St. Louis Police Chief Ray Murphy said his department will increase patrols as he joins the campaign to provide the 1,300 Bay-Waveland School District students who ride buses the safest trip possible.

Bay Senior High Assistant Principal Willis Rhodes initiated the program locally by sending letters to principals, bus drivers, city officials and local service organizations asking for support of the safety campaign.

Rhodes asked principals to get teachers involved in the program by reminding students that good driving habits are important to their safety and to familiarize students with bus discipline rules.

School bus drivers were requested to give students instructions on safety policies, arrange an emergency evacuation drill and inspect the bus thoroughly each day.

Letters have also been sent to parents regarding bus discipline for students who ride the buses in the school district.

The bus rules include following the directions of the driver; staying in the seats; keeping all parts of the body in the bus; no pushing, shoving or fighting at any time; and no eating, drinking, smoking or spitting while on the bus.

A month-long program entitled "School's Open, Drive Carefully" has just recently concluded. The program sponsored by the American Automobile Association promoted conscientious driving as school

SAFETY—Page 2A

Breakfast to open United Way Drive

By ELLIS CUEVAS

The 1985 Hancock County United Way Campaign kickoff Dutch treat breakfast is set for 7:30 p.m. Tuesday.

Hilda Bourg, acting president, said the campaign will be dedicated to the memory of the late J. Norton Haas Sr. who served as president of the Hancock County United Way for 13 years.

The breakfast will be served at Scaife's Wheel Inn Restaurant, US-90, Bay St. Louis with Pat Harvill as event chairman.

A goal of \$50,000 has been set with Bob Hubbard serving as campaign chairman. Campaign goal for 1984 was \$45,000.

At a recent meeting of the officers and directors of the Hancock County United Way, Bourg revealed that Al Summy was painting a large banner to be displayed at Mason's Exxon at the intersection of US-90 and Nicholson Avenue, Waveland.

Harvill said representatives from four agencies supported by the local United Way will give a brief description of their extra efforts performed in Hancock County and along the Mississippi Gulf Coast in the aftermath of Hurricane Elena.

The four agencies are The Salvation Army, American Red Cross, Catholic Social Services, and the Hancock County Emergency Relief.

Representatives of other agencies supported by the Hancock County United Way are also scheduled to be at the breakfast.

The Hancock County campaign is assisted by the Combined Agency Campaign which includes governmental and military employees at NSTL and other areas along the Mississippi Gulf Coast.

The Hancock County United Way also recently lost in death Paul Lewis, a longtime member of the board of directors.

May Beyer, executive secretary of the United Way since its beginning in 1964, recently resigned the position and has been succeeded by Martha Van Pelt.

Other officers of the Hancock County United Way are Ellis Cuevas, treasurer; Conrad Maufrey, executive director; and Rev. Charles Clark, chaplain.

Michael Haas Sr. is the newest member of the board of directors, joining May Beyer, Wayne Ducomb, Charles J. Benvenuti, John Mason, Joyce Lee, Pat Harvill, Lonnie Clayborn, and Clarice Gastin.

Theme of the local campaign is 'Give at Home,' with payroll deductions to be emphasized during the 1985 drive.

Harvill, in referring to the kick-off breakfast, stated, "This breakfast, too, is in memory of Mr. J. Norton Haas. I hope all concerned citizens will try and attend this important event. Mr. Norton meant so much to Hancock County and the United Way."

"Mr. Norton's leadership of the United Way has caused it's success, and we want to continue his tradition," Harvill added.

Sheriff warns motorists to have proper licenses

BY BRENDA HEATHCOCK
Hancock County Sheriff Ronald Peterson reported Friday that his deputies issued approximately 50 citations this week to motorists with improper license plates or drivers' license.

"We will be setting up numerous roadblocks and will be looking for drivers with out-of-state and expired license plates," Peterson said.

The state law says a person must get the proper tag within 30 days of becoming a resident and must have the proper driver's license within 60 days, Peterson said.

"We encourage people with improper tags or licenses to get them straightened out or they will be ticketed," he said.

He said they will also be checking inspection stickers.

Peterson also said he has instructed his deputies to check drivers of three-wheeled or four-wheeled recreation vehicles for proper licensing.

"If these vehicles are on a public road, the driver and the vehicle must have the proper license," he added.

Seven-car accident blocks Bay bridge

BY DENA BISNETTE
A vehicle that crossed the center line on the eastbound side of the Bay bridge at about 8 p.m. Thursday apparently caused a seven-car accident.

According to State Trooper David Kenney of the Mississippi Highway Patrol, a vehicle driven by Lory Haynes of Gulfport went out of its lane on the drawbridge and struck a car being driven by Kathryn R. Payne, also of Gulfport.

Payne's vehicle then collided with a car driven by Jean Korte of Pass Christian, which was pushed into a car driven by Lavern Young of Ocean Springs.

The rear of Young's vehicle slanted into the inside lane and collided with cars driven by Deborah D. Wolfe and Susan C. Winter, both of Pass Christian.

Kenney said a seventh car, driven by Rae Lynn Ladner of Pass Christian, was also involved in the accident but was undamaged.

He said Young was injured and was taken to Keesler Air Force Base for treatment.

The cause of the accident was alleged drunk driving on the part of Haynes.

The eastbound side of the bridge was blocked briefly while wreckers cleared away the damaged vehicles.

130 exhibitors to display at Diamondhead festival

A record number of exhibitors and displays is assured for the Third Annual Arts and Creative Crafts Show, scheduled all day Saturday, Sept. 28, at Diamondhead.

More than 130 artists and craftsmen and women will have a wide variety of examples of their skill on display and on sale. The show, open to the public, begins at 9:30 and runs until 5:30, with all proceeds directed to the development of recreational and educational needs of children of the community.

As in the past, the Arts and Creative Crafts booths will be set up on the open circle in front of the Diamondhead Country Club. Food and beverages will be available, and there's free parking.

The show this year boasts two master wood carvers, numerous painters, metal sculptors, furniture makers, and toy and doll makers. There will be stained glass, needlecraft, handmade baskets, quilts, framed and etched mirrors, stuffed animals and pillows, ceramics and much more.

Drainage

decision on the matter until he receives the engineer's recommendations, but he believes that digging a ditch to the west would not work.

"It would be like trying to have the

water run against an uphill slope. It can be done, but it usually requires a great deal of maintenance because you get a lot of buildup in the ditches," he explained.

'Speaking Oracles of God'

—I Peter 4:11

By W. Edwin Kearley, Minister

501 Pine St.

Bay St. Louis

Not only is God's great love the spring, the stream, it is the pitcher! It is seen in the expression, "Whosoever believeth." The stream might flow on forever and not reach us, if we don't take the pitcher. God keeps the stream flowing and man should appropriate the blessing.

God's grace is universal, but man's salvation is conditional. It is for the believer. Not all believers are alike. The Bible speaks of two kinds. They are the inactive and the active. Concerning the inactive, John speaks. He said, "Nevertheless, among the chief rulers also many believed on him; but because of the Pharisees they did not confess him, lest they should be put out of the synagogue: for they loved the praise of men more than the praise of God." (John 12:42-43)

The reason of inactivity was the fear of retaliation. Other causes of inactivity are apathy, love of the world, etc. James said of some, "Thou believest that there is one God; Thou doest well: the devils also believe and tremble." (Jas. 1:19)

From this we learn that many have the same degree of faith as the devil is.

Active belief and obedience are used interchangeably. Paul tells us the thing that avails is "faith which worketh by love." (Gal. 5:6)

In John we read, "He that

believeth on the son shall not see life, but the wrath of God abideth on him." (John 3:36, A.S.V.)

An example is found in the story of Jesus healing the ten lepers. "And it came to pass, as he went to Jerusalem, that he passed through the midst of Samaria and Galilee. And as he entered into a certain village, there met him ten men that were lepers, which stood afar off: And they lifted up their voices, and said, Jesus, Master, have mercy on us: And when he saw them, he said unto them, Go show yourselves unto the priests. And it came to pass, that as they went, they were cleansed. And one of them, when he saw that he was healed, turned back, and with a loud voice glorified God, and fell down on his face at his feet, giving him thanks: and he was a Samaritan. And Jesus answered and said, Were there not ten cleansed? But where are the nine?" (Lk. 17:11-17)

The Lepers were cleansed while in the act of obedience!

James said, "Even so faith, if it hath not works, is dead. Being alone, yea, a man may say, Thou hath faith, and I have works: show me thy faith without thy works, and I will show thee my faith by my works...but thou know, o vain man, that faith without works is dead." (Jas. 2:17, 19)

Obituaries

MRS. CORA CUEVAS
KATHRYN DEMORAN
ANDREW GRIFFING
GEORGE SCHLECK

MRS. CORA CUEVAS
Friends of Mrs. Cora Cuevas, 65, of Route 3, Cuevas Road, Pass Christian, may call tonight from 6 p.m. until 10 p.m. at the Riemann Funeral Home Long Beach Chapel.

Rosary will be at 8 p.m. The funeral procession will leave for St. Stephens Catholic Church in Delisle at 10:15 a.m. Monday for an 11 a.m. mass. Burial will be in St. Joseph's Cemetery at Rotten Bayou.

Mrs. Cuevas died Friday, Sept. 20, 1985, at her residence.

She was a native of the Dedaux Community and was a member of St. Stephen's Catholic Church in Delisle.

Survivors include four sons, Warren Cuevas of New Orleans, La., and Clint Cuevas, Richard Cuevas and Clyde Cuevas, all of Pass Christian; one daughter, Mrs. Dewey (Jo Ann) Cuevas Holden of Kiln; one brother, Elwin Ladner of Pass Christian; two sisters, Colleen Ladner Walker of Pass Christian and Ida Mae Ladner Eubanks of Gulfport; six grandchildren and one great grandchild.

KATHRYN DEMORAN

Kathryn Demoran, 69, of Bay St. Louis died Saturday, Sept. 21, 1985, at Hancock General Hospital.

Funeral arrangements are incomplete at Edmond Fahey Funeral Home.

ANDREW GRIFFING

Services for Andrew Morris "Doc" Griffing Sr., 80, of Wiggins, were Sept. 6, 1985, at Laird Funeral Home in Natchez. Burial was in Natchez Cemetery.

Mr. Griffing died Sept. 3 in Wiggins. He was a retired school bus driver for Adams County public schools and a retired dispatcher for the Wiggins Police Department and the Stone County Sheriff's Department. He was a Baptist.

Survivors include his widow, Gladys Cobb Griffing of Wiggins; one son, Andrew Morris Griffing Jr. of Warren, Mich.; five daughters, Marguerite White of Natchez, Pearlline Cosby of Gulfport, Sue Ann Dean of Pearlinton, Earline Porteridge of Vidalia, La., and Martha Marie King of Sibley, La.; five sisters, Pearl Prather and Estelle Barfoot, both of Ferriday, La., Elmira Metre of Summit, Eunice Griffin of Brookhaven and Christine White of Crystal Springs; and a number of grandchildren and great-grandchildren.

GEORGE J. SCHLECK

Funeral services for George J. Schleck, 65, of 8834 Diamondhead Drive East, will be 10 a.m. Monday at Annunciation Catholic Church in Kiln.

Burial will follow at St. Joseph's Cemetery at Rotten Bayou.

Mr. Schleck died Saturday, Sept. 21, 1985, in Bay St. Louis.

He was a member of Annunciation Catholic Church and Society of Chemical Engineers. He was former plant manager of the Phillips Milk of Magnesia Plant in Gulfport.

Survivors include his widow, Mrs. Helen Ruth Schleck of Diamondhead; one son, George J. Schleck Jr. of Whiting, N.J.; three daughters, Carolyn Flegel of Kennett Square, Pa., Jane Vide of Louisville, Ky., and Mildred Marie Burton of Durham, N.C.; three brothers, Richard Schleck of Marco Island, Fla., Herman Schleck of Houston, Texas, and Joseph Schleck of Colonia, N.J.; and seven grandchildren.

The family prefers donations to Annunciation Catholic Church or Diamondhead Fire Department. Riemann Funeral Home in Bay St. Louis is in charge of arrangements.

News briefs

FLAG BURNING

Bay-Waveland area Girl Scouts will have a flag burning ceremony Wednesday, Sept. 25 at 6 p.m. at the Waveland Library.

Following the ceremony, there will be registration for Brownie, Junior and Cadette Girl Scouts for all interested girls in the Bay St. Louis and Waveland area. Registration fee is \$3.

THEATRE PRODUCTION

Bay St. Louis Little Theater's production of "Bell, Book and Candle" continues this week with a 3 p.m. matinee Sunday and night performances at 8:15 p.m. Friday and Saturday.

Tickets for all performances are available for \$5 at the door of the Boardman Avenue Playhouse.

Late registration OK for USM boat course

The University of Southern Mississippi will host an 'Administration of Aquatics' course at the Long Beach campus.

Due to Hurricane Elena, start of this class was postponed to Sept. 17 and is still open to interested latecomers.

It will be a specialized course designed for boating interest with concentration of aquatics skills in safety, swimming and operation of boats.

Formal classroom sessions will run from 6-10 p.m. on seven consecutive Tuesday evenings beginning Sept. 17 and ending Oct. 19.

In addition, class will be held on one Saturday from 8 a.m.-4 p.m.

For more information, contact the Conferences Department, USM Gulf Park at 865-4506.

This course is co-sponsored by the United States Coast Guard Auxiliary and USM.

opened and stressed the need for alertness while driving in school zones or along routes used normally by children.

More than 1,500 pedestrians under age 15 were killed in motor vehicle accidents in a single year, according to Carey Maddox, AAA Mississippi traffic safety manager.

AAA is providing bumper stickers and posters to help spread the word about driving carefully. They may be obtained free of charge by calling 1-800-872-8538.

Plumbing board members named

The Bay St. Louis City Council approved appointments for the Animal Control Commission and the Plumbing Board Tuesday night at their regular meeting.

Elaine Bean was unanimously appointed as a member of the Animal Control Commission, following Mayor Victor Frankiewicz' recommendation.

Ken Monti and Irvin Higgins were appointed to three-year and two-year terms respectively to the Plumbing Board.

Also at the meeting the council accepted a motion to withdraw a petition for rezoning by Judith Holmes. The Holmes' rezoning petition had been recommended for denial by the Planning and Zoning Commission.

Elena probably killed Coast pecan industry

By Jimmy Bonner
Cooperative Extension
Service

A state horticulture expert says Hurricane Elena destroyed an estimated 25 percent of the state's pecan crop and may have sounded the death knell for the pecan industry in three coastal Mississippi counties.

Dr. Richard Mullenax, head of the Mississippi Cooperative Extension Service Horticulture Department, said the pecan industry may be history in Hancock, Jackson and Harrison counties.

Mullenax said a survey in the stricken counties indicates that growers are discouraged and most

will not replant orchards devastated by Elena.

"It's simply too much to expect growers to plant and nurture trees for years and then lose them to hurricanes," he said. "One grower told me he wouldn't plant pecans if someone gave him 1,000 acres on the Gulf Coast."

Losses in the three coastal counties represent about 25 percent of the state's total pecan crop. Before Elena, Mississippi was expected to produce about 20 million pounds of pecans, one of the largest crops in the state.

Elena's devastation was the crowning blow for Gulf Coast pecan producers, whose problems began

with Hurricanes Camille in 1969 and Frederick in 1979.

"It's sad because many pecan varieties now grown throughout the United States and the world originated on the Mississippi Gulf Coast," Mullenax said.

Hancock, Jackson and Harrison counties bore the brunt of Elena's 120-mile-per-hour winds that devastated yard and orchard trees.

Mullenax said orchards were affected not only by the hurricane's winds, but tornadoes spawned by Elena also damaged pecan orchards.

Growers further north near Lumberton and Hattiesburg also experienced damage from high winds

which broke limbs and knocked immature nuts from trees. Immature nuts are worthless, Mullenax said.

"The ground beneath these trees is covered with green pecans," Mullenax said. "This will present serious problems in harvesting."

Marketable pecans must be separated from the immature nuts once harvesting begins. Mullenax said some growers with pecans remaining are planning to harvest twice, once to pick up green nuts and the second to harvest marketable pecans.

Coastal counties in Alabama also were hit hard by Elena, with two counties losing an estimated 20 million to 30 million pounds of pecans.

Mullenax said the losses were especially important since the area produces early pecans for which growers receive premium prices.

Flu shots available in county

Flu shots are now available for \$4 each at the Hancock County Health Department on Dunbar Avenue.

The flu shot is offered to all Mississippians, but State Health Officer Alton B. Cobb, MD, emphasizes the need for those at high risk to be immunized.

The Health Department will begin giving the shots Monday, Sept. 23 from 8 to 11:30 a.m. and from 1 to 4 p.m.

The shot will offer influenza immunizations providing protection against the current prevalent strains of flu: A/Philippines/2/82, A/Chile/1/83, and B/USSR/100/83.

"Vaccination has proved to be the most effective way of protecting those people at greatest risk: those who are 65 or older and people of any age with a chronic illness such as diabetes, severe anemia, or heart, lung or kidney disease," he said.

According to Dr. Cobb, Mississippi physicians reported 562 cases of influenza during 1984, and death certificates listed the illness as cause of death for 16 elderly Mississippians.

Influenza is an acute disease of the respiratory tract spread by person-to-person contact through droplet infection. Symptoms include fever, chills, headache, muscle pain, tiredness, mild sore throat and inflammation of the nasal passages, cough is often severe and long-lasting. Most patients recover on their own in about seven days.

The county and cities are in the process of removing the debris from Hurricane Elena.

As we have mentioned before, it is impossible for everyone's to be collected at the same time.

This means many piles of the debris will remain until all can be collected.

The recent dry spell has caused a potential fire danger, and we urge motorists who smoke not to throw lighted cigarettes along the roads.

Since Elena, the leaves have become powder dry and it takes only a little to get a flame started.

The third Annual Diamondhead Arts & Creative Crafts Show is scheduled for next Saturday.

Some 130 booths are already booked for the show which will be on the circle drive in front of Diamondhead's Country Club.

It appears this show will surely set a record for the number of participants and there should be something for everyone.

The time will be 9:30 a.m. to 5:30 p.m., Saturday, Sept. 28.

Entertainment, refreshments, and foods will be available.

We hope to see you at Diamondhead's Arts & Creative Crafts Show.

The train at Port Bienville is still steaming along the tracks on Saturday and Sunday afternoons and is scheduled to run through October, according to Georgia Cannon.

The 2,000th passenger for this season rode the train last Sunday.

The lucky number person was Alvin Ladner of Bay St. Louis, who said he was really surprised and appreciated the recognition.

The steam locomotive is a 1926 Baldwin and is operated by the Mississippi Railway and Transportation Museum, Inc.

We have ridden the train, and it is a real thrill, especially for those who never rode a train with a steam engine.

It brings back so many memories to us, as we always rode the trains to New Orleans when we were youngsters.

It is a good family outing, and is something different to do.

Admission is reasonable, and special rates are given for large groups.

We are lucky to have such an attraction in our area.

This is for newcomers—Port Bienville Industrial Park is located on Ansley Road several miles off U.S.-90 on the way to Pearlinton from the Bay-Waveland area.

There is a large billboard giving directions on U.S.-90 as you pass the truck scales.

We hope to see you on the train.

The People's Business

A Weekly Editorial
From Mississippi Economic Council

LET'S LOOK AT PRIVATIZATION

As budgets become tighter and resources more scarce, local governments are expanding the search for new and better ways to provide essential public services.

The search is beginning to focus on the private sector. The key word these days seems to be "privatization," which simply means government contracting out certain services to private businesses.

The City Manager of Shawnee, Oklahoma, said recently, "Privatization" is one of the directions local government has to turn," and the Mayor of Alhambra, California, added, "It (privatization) is one of the ways that cities are going to be able to maintain services and keep taxes moderate."

The Mississippi Economic Council has concluded a study of the benefits of privatization with a suggestion that local government should consider the advantages of contracting out such services as transit management, solid waste collection and disposal, road and street construction and maintenance, certain health care functions, sewage treatment, data processing, and vehicle maintenance.

And, some local officials are

beginning to point to substantial savings to taxpayers through privatization.

Local officials will serve the communities well by evaluating the benefits of privatization and taking necessary actions to implement cost-savings decisions.

VFW OFFICERS—Participants in ceremonies installing elected and appointed officers of Theodore S. Price VFW Post 3253 in Bay St. Louis include, from left Charles Carver, Bay St. Louis, incoming commander; VFW District one past commander Jeff Fayard of Long Beach, installing officer; and Norman Tartavouille of Bay St. Louis, outgoing commander. Other officers installed were Tom Cain, sr. vice commander; Donald Mauffray, Jr. vice commander; Gary Collins, quartermaster; Edward Binet, chaplain; Joseph Benvenuti, post advocate; John Wilkerson, adjutant; Eric Flack, surgeon; Peter Faucetta, trustee; Robert Benlingo, house committee; and Richard Stimler, officer of the day.

Historical Society to eye tax credits available on property rehabilitation projects

September 18, 1985
To the Editor
The Sea Coast Echo
Bay St. Louis

Dear Sir,

Hancock residents are invited to spend one hour of their time to fully understand how they could be eligible for a rehabilitation property tax credit.

Charles B. Benvenuti, certified public accountant, will be guest speaker at the regular meeting of The Hancock County Historical Society at noon Wednesday.

Present owners of a building 50 years or older, or those in the banking or real estate professions will certainly benefit from this informative program.

Within the Bay St. Louis Beach Front Historic District 690 buildings have been placed on the National Register of Historic Places as approved by the Department of Interior, Keeper of the Register; Department of the National Park Service.

These buildings are qualified for the tax credit.

The society's civic beautification and improvement programs are those which foster preserving the cultural history of Hancock County.

The members of the society best serve the county through those members whose aims and goals are for the civic improvement which benefit the public.

To reserve a place for Dutch treat lunch at the Landmark Restaurant, 210 Main Street, Bay St. Louis, please call 467-5033 or 467-3907.

Also, anyone having a special interest preservation project they would like to discuss is urged to attend.

Our society supports public interest programs.

Yours Sincerely
Margaret M. Gibbens
President

Gov. Bill Allain

STATE NEEDS FUND FOR DISASTER AID

Hurricane Elena's recent rampage through Southern Mississippi has brought another serious matter to the attention of state officials. The Labor Day storm caused hundreds of millions of dollars in damage to homes and businesses in numerous counties. Recovery from those damages is well under way but is a costly process. That's where our problem occurs.

I requested that the President declare Mississippi as a major disaster area and the White House notified me of that declaration. Once the declaration was made, however, we became aware of a major change in federal government policy.

In past disasters in Mississippi, the federal government paid 100 percent of the disaster recovery funds. Under new federal action, the state and local governments now must pay 25 percent of that total, and the federal government pays 75 percent.

This change in the disaster relief process is creating a hardship for the state of Mississippi and for the local cities and counties affected by the storm.

At my request, the Legislative Budget Committee and the leadership of the Legislature agreed to ask the 1986 Legislature for the state's portion of the 25 percent, not to exceed \$12.5 million. In addition, the state Fiscal Management Board, which I chair, has approved the expenditure of all available disaster relief funds by the State Emergency Management Agency.

While finding \$12.5 million in the state treasury will be hard enough, the local communities that now have to come up with similar money will find it even harder to match their portion.

These cities have been devastated, and many of them will have a great cost of repairing local public facilities, as well as helping with debris cleanup. Luckily, the work done in these cleanup efforts can be counted as in-kind portions of the matching money. But the fact remains that this change in federal policy is hitting people in our state at

the worst time—when they are already down.

As a result, I will be studying proposals to recommend to the 1986 Legislature to establish a permanent disaster relief fund in our state. In the meantime, I would hope that the Congress and the White House will review their change in policy, but I am not hopeful of any change.

While I agree that government (whether federal or state) cannot be all things to all people, I do feel that uncontrollable disasters are the most important times for people to get a much-needed return on the tax dollars that they have paid to their government for all these years.

Mississippi remains a productive agricultural state and that all efforts must be made to insure that family farmers survive the current farm credit crisis.

The value of agriculture in Mississippi in 1984 was \$3.1 billion. That's a sizeable portion of our state's economy. I go to a number of national meetings where we discuss agriculture.

The agricultural supporters tell us to give the story of the plight of the farmers, so the city people will know the problems.

But we always tell them that nobody in Mississippi has to be told how important farmers are to us; we see it every day.

Some 24 percent of the people working in Mississippi today work in the food and fiber business and that 240,000 people work on farms or in farm-related businesses.

While cotton is still our number one crop, we are seeing strong increases in new areas like catfish farming and continued interest in poultry, cattle, hogs, soybeans, food grains and forestry.

"All these farming activities are important to the economic development of Mississippi. The catfish industry is a good example where we established a partnership between the technology of our state universities and the resources of state government to help farmers.

We need to do more work in areas that can help farmers find ways to continue supporting their families and working the land.

Matters of Health

University of Mississippi
Medical Center

INDOOR TANS

How safe are the
tanning salons that
have become so
popular lately?

Summertime is no longer the only opportunity to develop a deep tan. A winter's pilgrimage to an exotic resort to find the warm sunshine necessary to bring out those darker colors isn't needed either. Today, a golden tan can be bought - often right around the corner - at a neighborhood tanning salon.

The safety of tanning salons or spas has been scrutinized by some medical researchers and regulated by the federal government. Despite the claims of manufacturers and salon owners, approaching these tanning centers with caution is wise.

The actual process of tanning is a protective body reaction to ultraviolet rays. Though we need some sun exposure to assist in producing vitamin D, the amount of exposure to produce a deep tan is harmful.

The ultraviolet tanning bulbs enclosed in the tanning chambers or beds are frequently objects in question.

There are three types of ultraviolet radiation - UV-A, UV-B, and UV-C - any of which have the potential to cause skin cancer. Ultraviolet C radiation rarely reaches the earth's surface because of its particular wavelength. Ultraviolet B is the mid-length wavelength responsible for causing sunburns, while ultraviolet A radiation is the long wave that causes the skin to tan.

To protect consumers, federal regulations restrict the emission of UV-B radiation from the tanning bulbs to six percent. The remainder of the emitted radiation is UV-A, which is considered under current regulations to be safe enough to be

absorbed in fairly large doses.

Studies show, however, that ultraviolet-A may be as damaging as ultraviolet-B. Professional scientific groups, such as the American Academy of Biology, have investigated the effects of radiation from tanning booths and concluded that indoor, artificial sunshine poses the same dangers as the sun itself.

Skin cancer and skin damage, such as wrinkling, results from both UV-A and UV-B radiation, and repeated exposure, especially to areas of the body not normally exposed to the sun, may be additionally detrimental. Since the cumulative effect of ultraviolet radiation from the use of similar sources is known to cause skin cancers and promotes wrinkling and atrophy of the skin, appropriate precautions should be taken by tanning salon users to control the harmful effects.

Protective eyewear provided by the proprietor must be worn, and skin usually covered on the beach should be protected.

Similar precautions should be adhered to at the beach or pool. Try to avoid direct sunshine between 10 a.m. and 3 p.m. - the hottest time of the day. Use a tanning lotion with the maximum amount of sunscreen to enjoy the sun and decrease the fear of burning and damage. (Sun-tan lotions range from no sunscreen to a solar protection factor rating of 15). Always protect your face with a hat, especially during the peak sunshine hours.

This "Matters of Health" was prepared in cooperation with the physicians on staff at University Hospital at the University of Mississippi Medical Center - Mississippi's only health sciences campus. Readers may suggest future topics by writing to "Matters of Health", 3808 North State Street, Jackson, Mississippi 39216-4500.

Pirates allergic to Yellow Jacket sting

By EDGAR PEREZ

The Pass Christian Pirate-St. Martin Yellow Jacket contest Friday night evolved into a battle of the tailbacks: with Pirate Winston Ausmer and Yellow Jacket Tommy Weldy leading the charges.

Team totals of 198 yards rushing for St. Martin and 92 for the Pass are proportional to the final scoreboard tally of 21-12.

But that bottom line on the scoreboard fails to show the valiant effort turned in by the Pirates who were just two points away from a tie with little more than a minute left in the game.

The Pirates closed in on the visitors inside the final two minutes with a 65-yard aerial connection for a touchdown between tailback Gary Smith and wingback J. W. Dedeaux. That score narrowed the gap to 12-14 Jackets.

Reversing roles, Dedeaux attempted to hit Smith in the end zone on a two-point try, but Yellow Jacket defenders swarmed the receiver to save their lead.

The Pirates stayed in the ballgame with an on-sides kick, but St. Martin gained possession on the Pass 49 with one minute left on the clock.

The Pirates, expecting their guests to run out the clock and head for Jackson County with a polite two-point victory, were taken by surprise when Weldy turned on the power in a 50-yard touchdown run with 43 seconds left.

St. Martin guard Shannon Hiers sailed his third conversion kick straight through the middle of the posts to seal the contest at 21-12.

The Yellow Jackets posted their first six points on their first possession midway through the first period.

INTERCEPTION ATTEMPT—Pirate J.W. Dedeaux same ball. (Staff photo by Edgar Perez.)

Weldy drove 41 yards in five plays to score from the 12. The 46-yard series included a five-yard offside penalty against the Pirates.

Weldy carried 25 times all night for a total of 125 yards, the bulk of the Yellow Jackets 198 yards gained on the ground.

The Pirates got on the scoreboard for the first time late in the third quarter when Shinnall Conway pitched out to Dedeaux who scampered 29 yards into pay dirt.

A two-point pass attempt by Ausmer was incomplete, leaving the Jackets ahead 7-6.

St. Martin opened its second scoring drive early in the final period after recovering a Pass fumble at the Pirate 28.

Weldy and fullback Tim Ball covered the necessary yardage in six plays, with Weldy scoring on a five-yard plunge with 4:16 left in the game.

Hiers posted his second point after pushing St. Martin out front by eight points, 14-6.

"We played hard and we never quit, but we made a lot of mistakes," commented Pass coach Alton Wright after viewing a video tape of the game Saturday morning.

"We suffered from turnovers and we were out of alignment several

time," the coach noted.

"Four crucial penalties caused us to lose first downs each time—without those kinds of errors we would have controlled the ball a good bit more," Wright added.

"But the bottom line is that we failed to stop that big boy, Weldy. He is their offense."

"The key to beating Mercy Cross has got to be to stop Weldy—otherwise, watch out," Wright concluded.

The Jackets drove for 12 first downs to eight for the Pirates.

The Pass gained 78 yards through the air, however, to only 26 for St. Martin.

The Pirates attempted six, completed two with two interceptions. St. Martin attempted two, completed two with no interceptions.

Pass punter Rod Jenkins averaged 38 yards with five kicks, including one 59-yard boomer in the first quarter.

Jenkins also stopped a second quarter St. Martin drive into Pirate territory with a fumble recovery at the 30-yard line.

St. Martin punted six times for a 43-yard average.

Pass Christian fumbled twice and lost both, as did the Pirates. Eight penalties cost St. Martin 65 yards while the Pirates lost a total of 90 yards on 11 infractions.

Pass Christian with two losses on the season, hosts Hancock North Central next weekend. Mercy Cross, 1-2, will face George County.

STATE NEEDS FUND FOR DISASTER AID

Hurricane Elena's recent rampage through Southern Mississippi has brought another serious matter to the attention of state officials. The Labor Day storm caused hundreds of millions of dollars in damage to homes and businesses in numerous counties. Recovery from those damages is well under way but is a costly process. That's where our problem occurs.

I requested that the President declare Mississippi as a major disaster area and the White House notified me of that declaration. Once the declaration was made, however, we became aware of a major change in federal government policy.

In past disasters in Mississippi, the federal government paid 100 percent of the disaster recovery funds. Under new federal action, the state and local governments now must pay 25 percent of that total, and the federal government pays 75 percent.

This change in the disaster relief process is creating a hardship for the state of Mississippi and for the local cities and counties affected by the storm.

At my request, the Legislative Budget Committee and the leadership of the Legislature agreed to ask the 1986 Legislature for the state's portion of the 25 percent, not to exceed \$12.5 million. In addition, the state Fiscal Management Board, which I chair, has approved the expenditure of all available disaster relief funds by the State Emergency Management Agency.

While finding \$12.5 million in the state treasury will be hard enough, the local communities that now have to come up with similar money will find it even harder to match their portion.

These cities have been devastated, and many of them will have a great cost of repairing local public facilities, as well as helping with debris cleanup. Luckily, the work done in these cleanup efforts can be counted as in-kind portions of the matching money. But the fact remains that this change in federal policy is hitting people in our state at

the worst time—when they are already down.

As a result, I will be studying proposals to recommend to the 1986 Legislature to establish a permanent disaster relief fund in our state. In the meantime, I would hope that the Congress and the White House will review their change in policy, but I am not hopeful of any change.

While I agree that government (whether federal or state) cannot be all things to all people, I do feel that uncontrollable disasters are the most important times for people to get a much-needed return on the tax dollars that they have paid to their government for all these years.

Mississippi remains a productive agricultural state and that all efforts must be made to insure that family farmers survive the current farm credit crisis.

The value of agriculture in Mississippi in 1984 was \$3.1 billion. That's a sizeable portion of our state's economy. I go to a number of national meetings where we discuss agriculture.

The agricultural supporters tell us to give the story of the plight of the farmers, so the city people will know the problems.

But we always tell them that nobody in Mississippi has to be told how important farmers are to us; we see it every day.

Some 24 percent of the people working in Mississippi today work in the food and fiber business and that 240,000 people work on farms or in farm-related businesses.

While cotton is still our number one crop, we are seeing strong increases in new areas like catfish farming and continued interest in poultry, cattle, hogs, soybeans, food grains and forestry.

"All these farming activities are important to the economic development of Mississippi. The catfish industry is a good example where we established a partnership between the technology of our state universities and the resources of state government to help farmers.

We need to do more work in areas that can help farmers find ways to continue supporting their families and working the land.

Summertime is no longer the only opportunity to develop a deep tan. A winter's pilgrimage to an exotic resort to find the warm, sunshine necessary to bring out those darker colors isn't needed either. Today, a golden tan can be bought - often right around the corner - at a neighborhood tanning salon.

The safety of tanning salons or spas has been scrutinized by some medical researchers and regulated by the federal government. Despite the claims of manufacturers and salon owners, approaching these tanning centers with caution is wise.

The actual process of tanning is a protective body reaction to ultraviolet rays. Though we need some sun exposure to assist in producing vitamin D, the amount of exposure to produce a deep tan is harmful.

The ultraviolet tanning bulbs enclosed in the tanning chambers or beds are frequently objects in question.

There are three types of ultraviolet radiation - UV-A, UV-B, and UV-C - any of which have the potential to cause skin cancer. Ultraviolet C radiation rarely reaches the earth's surface because of its particular wavelength. Ultraviolet B is the mid-length wavelength responsible for causing sunburns, while ultraviolet A radiation is the long wave that causes the skin to tan.

To protect consumers, federal regulations restrict the emission of UV-B radiation from the tanning bulbs to six percent. The remainder of the emitted radiation is UV-A, which is considered under current regulations to be safe enough to be

absorbed in fairly large doses.

Studies show, however, that ultraviolet-A may be as damaging as ultraviolet-B. Professional scientific groups, such as the American Academy of Biology, have investigated the effects of radiation from tanning booths and concluded that indoor, artificial sunshine poses the same dangers as the sun itself.

Skin cancer and skin damage, such as wrinkling, results from both UV-A and UV-B radiation, and repeated exposure, especially to areas of the body not normally exposed to the sun, may be additionally detrimental. Since the cumulative effect of ultraviolet radiation from the use or similar sources is known to cause skin cancers and promotes wrinkling and atrophy of the skin, appropriate precautions should be taken by tanning salon users to control the harmful effects.

Protective eyewear provided by the proprietor must be worn, and skin usually covered on the beach should be protected.

Similar precautions should be adhered to at the beach or pool. Try to avoid direct sunshine between 10 a.m. and 3 p.m. - the hottest time of the day. Use a tanning lotion with the maximum amount of sunscreen to enjoy the sun and decrease the fear of burning and damage. (Sun-tan lotions range from no sunscreen to a solar protection factor rating of 15). Always protect your face with a hat, especially during the peak sunshine hours.

Pirates allergic to Yellow Jacket sting

By EDGAR PEREZ

The Pass Christian Pirate-St. Martin Yellow Jacket contest Friday night evolved into a battle of the tailbacks with Pirate Winston Ausmer and Yellow Jacket Tommy Weldy leading the charges.

Team totals of 198 yards rushing for St. Martin and 92 for the Pass are proportional to the final scoreboard tally of 21-12.

But that bottom line on the scoreboard fails to show the valiant effort turned in by the Pirates who were just two points away from a tie with little more than a minute left in the game.

The Pirates closed in on the visitors inside the final two minutes with a 65-yard aerial connection for a touchdown between tailback Gary Smith and wingback J. W. Dedeaux. That score narrowed the gap to 12-14 Jackets.

Reversing roles, Dedeaux attempted to hit Smith in the end zone on a two-point try, but Yellow Jacket defenders swarmed the receiver to save their lead.

The Pirates stayed in the ballgame with an on-sides kick, but St. Martin gained possession on the Pass 49 with one minute left on the clock.

The Pirates, expecting their guests to run out the clock and head for Jackson County with a polite two-point victory, were taken by surprise when Weldy turned on the power in a 50-yard touchdown run with 43 seconds left.

St. Martin guard Shannon Hiers sailed his third conversion kick straight through the middle of the posts to seal the contest at 21-12.

The Yellow Jackets posted their first six points on their first possession midway through the first period.

INTERCEPTION ATTEMPT—Pirate J.W. Dedeaux and a St. Martin player collide in an attempt to catch the same ball. (Staff photo by Edgar Perez)

Weldy drove 41 yards in five plays to score from the 12. The 46-yard series included a five-yard offside penalty against the Pirates.

Weldy carried 25 times all night for a total of 125 yards, the bulk of the Yellow Jackets 198 yards gained on the ground.

The Pirates got on the scoreboard for the first time late in the third quarter when Shinnal Conway pitched out to Dedeaux who scampered 29 yards into pay dirt.

A two-point pass attempt by Ausmer was incomplete, leaving the Jackets ahead 7-6.

St. Martin opened its second scoring drive early in the final period after recovering a Pass fumble at the Pirate 28.

Weldy and fullback Tim Ball covered the necessary yardage in six plays, with Weldy scoring on a five-yard plunge with 4:16 left in the game.

Hiers posted his second point after pushing St. Martin out front by eight points, 14-6.

"We played hard and we never quit, but we made a lot of mistakes," commented Pass coach Alton Wright after viewing a video tape of the game Saturday morning.

"We suffered from turnovers and we were out of alignment several

time," the coach noted.

"Four crucial penalties caused us to lose first downs each time—without those kinds of errors we would have controlled the ball a good bit more," Wright added.

"But the bottom line is that we failed to stop that big boy, Weldy. He is their offense."

"The key to beating Mercy Cross has got to be to stop Weldy—otherwise, watch out," Wright concluded.

The Jackets drove for 12 first downs to eight for the Pirates.

The Pass gained 78 yards through the air, however, to only 26 for St. Martin.

The Pirates attempted six, completed two with two interceptions. St. Martin attempted two, completed two with no interceptions.

Pass punter Rod Jenkins averaged 38 yards with five kicks, including one 59-yard boomer in the first quarter.

Jenkins also stopped a second quarter St. Martin drive into Pirate territory with a fumble recovery at the 30-yard line.

St. Martin punted six times for a 43-yard average.

LOOKING FOR HELP—Pass Christian Ballcarrier Shinnal Conway (7) looks to teammate Winston Ausmer (30) for help as he is run down by St. Martin defenders. (Staff photo by Edgar Perez)

Pass Christian fumbled twice and lost both, as did the Pirates. Eight penalties cost St. Martin 65 yards while the Pirates lost a total of 90 yards on 11 infractions.

Pass Christian with two losses on the season, hosts Hancock North Central next weekend. Mercy Cross, 1-2, will face George County.

Theater presentation provides entertainment

By BRENDA HEATHCOCK

In spite of opening night jitters, the five-member cast of "Bell, Book and Candle" gave an entertaining presentation of John van Druten's romantic comedy about a witch who wished to be human.

Portraying the young witch Gillian Holyroyd, Alexandra McPherson dominated the action as she transformed on stage from a bored witch to a tearful human with a variety of well-shown emotions in between.

Bill Burns as Shep Henderson, the victim of a magic spell causing devotion to Gilliam, played the lovesick beau until discovering source of his "love."

Martin Booda gave a convincing performance as the drunken author, Sidney Redlitch, during his short appearances on stage.

Gillian's aunt, Miss Holroyd, is charmingly played by Eleanor McCandless with a flamboyant wardrobe and mischievous nature.

Tommy Zanca, as the waylorn Nicky Holroyd, causes Gillian trouble as he conspires to reveal the magic love spell placed on Shep, which leads to the abrupt end of the romance.

Adding a touch of realism to the action is the cat Lucy Marie, as the witch's familiar Pyewacket.

Sherry Schwabacher is the director of this play which will be presented in a 3 p.m. matinee today, Sept. 22. It can also be seen Friday and Saturday, Sept. 27-28, with an 8:15 curtain at the Boardman Street Theater.

Set design and construction was by Ed Scanlon and Marty Bryan, respectively.

Cast member Booda provided the special effects and lighting.

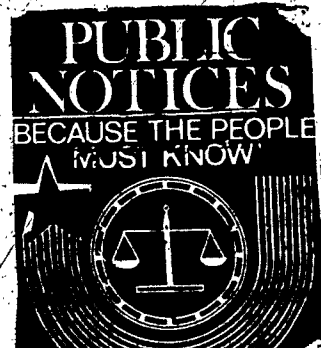

OPENING NIGHT—"Bell, Book and Candle" cast members, from left, Shep Henderson (Bill Burns), Sidney Redlitch (Martin Booda) and Gillian Holyroyd (Alexandra McPherson) discuss Redlitch's novel in process on witches in New York. (Staff photo by Brenda Heathcock)

WITHOUT ADVERTISING EVEN THE BEST IDEAS TAKE AGES TO CATCH ON.

Every now and then, a new product becomes popular by word of mouth alone. But that process usually takes many months. Sometimes years. By then, the company that makes the new product may be in serious trouble—if they're around at all.

Advertising is the surest way to get an idea to the public. By advertising a new product or service, more people are able to try it more quickly than if it were allowed to "catch on" by itself.

Good ideas become popular right away and bad ideas...well, who needs a square wheel, anyway?

ADVERTISING.

ANOTHER WORD FOR FREEDOM OF CHOICE.

Rocks snatch victory from Mercy Cross

There were strong feelings among loyal Rockachaw fans as they left Rockachaw Stadium Friday after St. Stanislaus pulled a 20-13 victory from the determined Mercy Cross Crusaders.

"One thing's for sure," commented one spectator, "you never know who is going to win until the final plays of the game with this team. They like to save their heroics until the very end."

"Yeah," replied another, "those Rockachaws seem to play just up to the level of their competition. One of these days they're going to get a few scores behind and not be able to catch up."

Head Coach Vernon Powell was not pleased with his team's performance.

"Although it is nice to win, there are not too many complimentary things that I can say. What is so aggravating is that we worked hard this past week on our techniques and adjustments over last week's mistakes, but on the field tonight we seemed to have forgotten everything."

"There were crucial times in the fourth quarter when our defense did not even huddle up."

"There is no way that I or any of the coaching staff will tolerate this kind of team performance. I hope our boys are ready for the week of preparation that awaits them. If we don't see great improvement in the effort and attitude of some of our people, you will see some changes next week."

"Long Beach will really be hungry for us after their close loss to Ocean Springs."

Sliman took the opening kick-off and returned to the Rockachaw 29. On first down, quarterback JoJo Koonce ran a counter play to Sliman who picked up six yards to the 35 yard line. Another give to Sliman on second down netted only a yard.

Facing a third and five, a bootleg by Koonce around left end fooled outside linebacker George Stills after tight end Paul Canning executed a nice block on defensive end John Ladner. Koonce outraced Mark Logan and David Zanca 64 yards to the end zone. Canning's extra point was good and Mercy Cross, scoreless in their previous two contests, had a 7-0 advantage with only 4:53 gone in the first quarter.

Canning's kick-off to the Rockachaw 25 yard line was taken and returned by Todd Thriffley to the SSC 40. Defensive off-sides by Mercy Cross tackle Mark Harbison gave SSC a first and five.

A pitchout to Logan around left end brought the ball to the 43 yard line. A dive to fullback Eric Doyle gained a yard, good enough for a first down.

Jimmy Dempsey's delay handoff to Todd Thriffley picked up three yards and on second down Dempsey rolled right to elude a Mercy Cross tackler, but slipped before he could throw the ball downfield.

A sweep to Logan on third down was costly for the Rocks as Logan was tackled, on the Mercy Cross sideline by Pat Williams. Logan had to leave the game with a twisted left knee. With fourth down and 11 yards to go, Phil Wittmann boomed a punt that was downed on the Mercy Cross 10 yard line.

Quarterback Koonce handed off to fullback Pat Williams for four yards, and on second down a flanker reverse to Mike Cooper gained two yards as cornerback Todd Thriffley came up to force Cooper out of bounds at the 12 yard line. A third down counter trap to Williams gained enough yardage for another Mercy Cross first down.

An illegal motion penalty against the Crusaders cost them five yards, and with first and fifteen from the 15 yard line Koonce's keeper around left end lost eight yards as linebacker Matt Caldwell and defensive end John Ladner combined for the tackle.

Facing a second and 25 situation, halfback Sammy Sliman picked up five. Mercy Cross tried a halfback pass from Sliman intended for tight end Peter Barhanovich that was picked off by outside linebacker Joe Golmon, but Golmon was ruled out of bounds.

Canning's fourth down punt rolled dead at the Mercy Cross 40 yard line.

SSC began their first scoring drive as a first down sweep to Thriffley netted five yards, and on second down a pitch to George Stills picked up three yards.

A third and short give to Thriffley gained six yards as Thriffley fought through four Mercy Cross tacklers after receiving little blocking help from his teammates.

With 1:06 left in the first quarter and the Rocks at the Mercy Cross 34 yard line, Jimmy Dempsey threw a perfect 17 strike to split end David Zanca. Zanca was intercepted by a cornerback, Sammy Sliman, to put the Rocks on the scoreboard. Eric Doyle's extra point split the uprights

to tie the game 7-7.

Sammy Sliman returned Doyle's kickoff to his 27-yard line. A pitch left to Sliman went nowhere as Arthur Wynne stopped Sliman for a two yard loss.

On second down, Koonce again fooled the Rock defense as he bootlegged to ball around left end, outracing George Stills and John Ladner. Cornerback David Williams came up to make the tackle.

More yardage was tacked on against the Rocks, who were guilty of a personal foul.

With the ball on the Mercy Cross 44-yard line, Koonce's give to fullback Williams gained a yard to end the first quarter.

Both the second and third quarters remained scoreless as Mercy Cross continued to control the line of scrimmage in gathering a total of 224 rushing yards against the Rock defense.

With the ball on the 43-yard line and a first and 10 situation, Clay Leyser stopped wingback Mike Cooper for no gain.

Sliman's second down pass to split end James Stiglets was overthrown and Canning's punt was taken by Thriffley and returned to the Rock 20-yard line.

Off-setting penalties of an illegal block below the waist by SSC's Jose Lau and illegal procedure against Mercy Cross forced Canning to punt again.

This time Canning's punt was downed on the SSC four yard line.

The Rocks could not mount any attack. Fullback Doyle gained two yards on first down and Caldwell gained five more yards on second down. A quick pitch to Todd Thriffley was unsuccessful as defensive end Barhanovich tackled him for a two yard loss.

Phil Wittmann's punt was returned by Koonce all the way back to the Rockachaw 24-yard line, but a face mask penalty against the Rocks moved the ball to the 12, half the distance to the goal.

A power sweep to Sliman gained five, but a clipping penalty against Mercy Cross moved the ball back to the 27-yard line.

A quarterback sneak by Koonce picked up two and Koonce then bootlegged around left end and was finally driven out of bounds by cornerback David Williams at the SSC 19.

A sprint-out pass to split end Leon Watson was intercepted on the goal line by Todd Thriffley and returned to the SSC 33-yard line, ending Mercy Cross' deep scoring threat.

Dempsey's first down pass was barely out of reach of David Zanca. On second down, Dempsey again threw incomplete to Stills. A swing pass to Thriffley on third and 10 turned into a big play as John Ladner's key block sprung the SSC tailback on a scamper down to the Mercy Cross 16-yard line.

Hard-hitting fullback Matt Caldwell gained two yards over right guard, and a second down sweep by Dempsey picked up five more yards. However Mercy Cross' Paul Canning tackled Dempsey, forcing a fumble at the Mercy Cross 12-yard line which was recovered by Mercy Cross.

Three off-tackle runs by Mercy Cross could not pick up a first down so Canning punted to Thriffley who took the punt at the SSC 30.

An illegal block below the waist by Lon Baxter cost the Rocks 15 yards and put the ball in play at the Rock 15.

The Rocks ran out the clock and at halftime the score was deadlocked 7-7.

Canning's kick-out to start the second half was returned by Lon Baxter to the SSC 36-yard line. A dive to Doyle picked up three yards, and a sweep to Thriffley picked up seven more around the right end. A late hit by Mercy Cross moved the ball to the Mercy Cross 44-yard line.

A three yard pass completion to Thriffley on first down was followed by another three yard gain by Caldwell.

On the next play Dempsey had no time to throw as most of the Mercy Cross defensive line surged in for the tackle, forcing the Rocks to punt.

Wittmann's punt was fielded by Koonce and returned to the 22 yard line. Mercy Cross went to a power attack as Sliman picked up four yards over the right side and then five yards around left end.

Once again a personal foul against SSC gave Mercy Cross a first down at the SSC 40-yard line.

Koonce mishandled the center snap and lost a yard. Hard running by Koonce around right end picked up nine yards, and a quarterback sneak by Koonce gave Mercy Cross a first down on the 34 yard line.

A quick pass from Koonce to split end Stiglets fell incomplete on first down, and a counter to fullback Pat Williams lost two yards as John Ladner and Arthur Wynne made penetration into the Mercy Cross

TOUCHDOWN RUN—Running Back Todd Thriffley (21) breaks loose on a long touchdown run in the Rockachaw's 20-13 victory over Mercy Cross in Bay St. Louis Friday night. (Photo by John Falcon)

backfield to bring down Williams.

With a second and 10, a reverse to Sliman netted four yards, forcing Mercy Cross to punt into the SSC endzone.

On first down, outside linebacker John Marvar brought down Thriffley for a loss of two yards, and a fullback dive to Caldwell gained three yards. With third and eight, a draw play to Thriffley gained four and the Rocks' Wittmann once again punted to Koonce.

Koonce's pitch to Sliman picked up three yards followed by a counter to Sliman for another yard. Facing a third and six situation, Koonce bootlegged around left end catching John Ladner and Matt Caldwell out of position as Koonce raced down to the SSC 24 yard line.

A give to Sliman on first down gained five yards and a repeat of the same play gained another four yards.

Koonce sprinted out to open the fourth quarter and cornerback David Zanca intercepted the pass and returned it to the Rock 35 yard line. Dempsey's delay handoff to Thriffley picked up 15 yards to the Mercy Cross 49 yard line, and a defensive off-sides against Tony Civitanovich brought the ball to the Mercy Cross 44.

On first down Dempsey's pass was slightly overthrown to Wynne. Dempsey was tackled in the backfield on second down, but a third down 43-yard pass completion to Williams gave the Rocks a first and ten at the Mercy Cross 15 yard line. Doyle ran a dive play for a three-yard gain, and on second down Dempsey's keeper around right end brought the ball down to the two yard line.

A quarterback sneak advanced the ball to the one foot line, where Caldwell bulled into the endzone to give the Rocks a 13-7 advantage. Dempsey's two point pass to Arthur Wynne was broken up by Koonce and the Rocks led 13-7 with 6:07 left in the game.

But Mercy Cross wasted little time in tying up the score. Koonce returned Doyle's kickoff to the 27-yard line. Sammy Sliman gained six yards to his 33. A seven yard gain by wingback Mike Cooper picked up another Mercy Cross first down at the 40 yard line.

An illegal procedure penalty against the Crusaders cost them five yards, and a keeper by Koonce picked up five yards around right end before being driven out of bounds by John Ladner.

Koonce then pitched to Sliman who threw the ball back to Koonce who picked up a key first down at the 50 yard line.

On first down, Sliman outraced the Rocks around right end for a 50-yard burst into the endzone.

A double team block on Wynne allowed Sliman to turn the corner and outside linebacker Golmon was caught inside on a fine block by split end Watson.

Thriffley slipped down twice and both Williams and Caldwell could not catch Sliman.

With 3:05 left in the game and the score tied 13-13, Canning's extra point hit the right crossbar and bounced back no good.

At this point it appeared that the Rocks were heading into their second overtime game in two weeks.

Canning's kickoff was fielded on the SSC 19 and returned to the 44 by Thriffley. Personal fouls by SSC's Caldwell and Mercy Cross' Brian Bourgeois off-set each other and the

Rocks began their drive from their own 40-yard line.

On first down Dempsey pitched the ball out to Thriffley and then threw a beautiful block on the defensive end to spring Thriffley around the right side.

Zanca also executed a fine block on Sliman, allowing Thriffley to outrace the Mercy Cross defenders 60 yards into the endzone for the winning score.

Eric Doyle's extra point was good and with 2:26 left in the game the Rocks led 20-13.

Wittmann's kickoff went down to the five yard line where Koonce took it and returned the ball to the 27-yard line. Caldwell knocked Koonce out of bounds, but then was guilty of an unsportsmanlike conduct penalty which advanced the ball to the Mercy Cross 42-yard line.

A quick screen to Sliman was read by Wynne. Sliman then attempted a forward lateral to Cooper, who was stopped by the left side of the SSC line.

The penalty brought the ball back to the 26-yard line. Koonce's deep pass to end Leon Watson was complete at the 50-yard line, and the Crusaders were on the march once again.

On first down, Koonce threw incomplete to Sliman and on second down, a Sliman throwback pass to Koonce was stopped by linebacker Mike Yarbrough at the SSC 44 yard line.

On the next play Koonce dropped the ball for an eight yard loss, and a quick pass to end Barhanovich fell incomplete. Mercy Cross had to turn the ball over to SSC.

Dempsey then fell on the ball with 44 seconds left to preserve the victory.

INCOMPLETE-Tommy Lull, 89, outruns Tomcat defender Tay Galloway at the goal line as Hancock quarterback Brett Favre lays the ball right in his hands. The receiver could not hold on and the ball falls to the ground as an incompletion instead of a touchdown pass.

The Hawks dropped three passes that could have gone for scores and ended up losing the football game 14-6 Friday night in Perkinston. (Staff photo by Randy Ponder)

Cats down Hawks, 14-6

BY RANDY PONDER

Opportunity missed is opportunity lost. Hancock North Central head coach Irvin Favre will agree after his team let numerous scoring chances slip away in a disappointing 14-6 loss to Stone County Friday night in Perkinston.

"Maybe it was a lack of concentration, or maybe we weren't well enough prepared," Favre surmised immediately after the game. "I thought we had a shot, we just didn't do it."

In the opening quarter, the Hawks drove from their own 20 to the Tomcat 11 before the drive stalled. A 44 yard field goal attempt was no good and Stone took over.

But the Tomcats could not manage a first down and punted the ball back to Hancock, giving the Hawks good field position at the Stone 47.

Quarterback Brett Favre picked his way through the Tomcat defenders for nine yards on a QB keeper. Drew Malley then picked up a first down on a hand off to the Stone 35.

The Hawks tried for a quick six on a long pass to the endzone which was intercepted by Tay Galloway at the goal line and returned to the 29.

Stone moved the football to the Hawk 47 early in the second stanza before losing a fumble which Charles Burton recovered for the Hawks.

Once again Hancock appeared to be in good shape to break the scoreless deadlock.

Stanley Jordan claimed seven yards on a hand off up the middle. But two consecutive illegal procedure calls against the Hawks pushed the ball back ten yards to bring up second and 13.

Jordan retook six of those yards on another run. Favre then took the snap and rolled out to the left and fired the ball to John Tucel at the Tomcat 31 for a first down.

Two plays later facing third and 16, Favre again rolled out to the left and hit Tommy Lull in the corner of the endzone for what should have been a touchdown. The ball bounced off the receivers' hands and fell incomplete. A desperation fourth down pass was also incomplete as the Tomcats dodged another bullet.

Stone took control on the 36 and steadily marched to their first lead of the year at the Hawks expense.

A reverse to Tay Galloway carried to the Tomcat 48 for a first down. On the next play, the Cats were charged with clipping and penalized 15 yards. Two running plays brought up a critical third down and 11.

Stone quarterback Stacy Johnson, running to the sideline, found a streaking Vic Owens at the Hawk 33 for his first pass completion. Johnson then passed to Michael Howze on a crossing pattern. Howze broke several tackles, struggling all the way to the Hawk 14.

Galloway got the points on a determined run around the left end giving Stone a 6-0 advantage with 2:10 left in the first half. A two point conversion attempt was stopped short of the goal.

Hancock still had time to get on the boards before Halftime and almost did.

Following the kickoff, The Hawks had the ball on their 25. Jordan carried the ball twice for eight yards. Malley then found a big hole in the middle and burst through for a first down to the Hancock 48.

After taking a time out with 45 seconds left, Favre fired a long pass to an open receiver at the Tomcat goal line. The throw was right on the money but the intended receiver could not hold on and another possible TD pass was dropped.

On the next play, Tomcat defender Charles (Junior) Williams put a brutal hit on the Hawk ball carrier, separating him from the ball. Steve Crawley recovered for Stone and the Tomcats ran the first half clock out.

James King kicked for Stone to start the third period and a controversy quickly ensued. The Tomcat bench thought they had an easy touchdown when a member of the Hancock return team apparently touched the football and let it roll dead in the endzone where it was

recovered by Stone. The officials ruled that the ball had not been touched and Hancock started from their own 20.

Fired up by the call, the Tomcat defenders behind the chant of "Make Em Pay", stopped Hancock cold and forced a punt.

Starting in good field position at their 41, Stone ran the ball three times for nine and one half yards setting up an important, to both sides, fourth and less than one for a first down and control of the ball.

With everyone bunched up near the center expecting a quarterback sneak on the fourth down gamble, Stone crossed up the Hawks with a pitch back to Howze who broke around the right end, turned on the speed and sprinted untouched into the endzone.

A two point conversion was successful when Howze took a pitch back and then passed to Crawley in the corner of the endzone as Stone upped its lead to 14-0 with 7:49 left in the third quarter.

The next Hawk possession ended in an interception by Crawley near midfield.

But the Hancock defense stiffened and Stone punted the ball back to the Hawks.

On a first down play from their own 20, the Hawks passed the ball deep into Tomcat territory to an open receiver who was racing down the left sideline. The ball was right there but again the receiver could not hold on. Two plays later Hancock punted the ball away.

Near the end of the third quarter, following a Tomcat punt, the Hawks mounted their only scoring drive of the contest.

Starting at the 25, Burton carried for three yards. Favre then passed to Stanley Jordan who was hit as soon as the ball arrived for a one yard loss. Favre then elected to run the ball, gaining enough for a first down at the 43.

A personal foul moved the ball back 15 yards. Favre then connected with Jordan on a 17 yard strike.

On perhaps the biggest play of the drive, Favre dropped back to pass, was almost sacked, scrambled away and again found Burton, this time at the Tomcat 23, turning a busted play into a long gainer.

Favre then ran the ball to the Stone one, where he was injured

Bell leads Bay High to win over Blue Devils

BY DENA BINETTE

The Bay St. Louis High School Tigers overcame the loss of starting quarterback Jeffery Smith Friday to beat the Pearl River Central Blue Devils 20-6.

The victory snapped the Tigers' six year losing streak against the Blue Devils and gave Bay High its third conference win of the season.

The game was dedicated to Smith, who is out for the season with a knee injury sustained in last week's game against Pass Christian, Tiger Head Coach Cleveland Williams said.

Leading the Tigers in Smith's place Friday was Quentin Bell, a junior who is in his second season as back-up quarterback.

"Bell gave us a tremendous effort in taking on the leadership role," Tiger Head Coach Cleveland Williams said.

"We had some fine blocking up front, too," said Assistant Coach G.L. McRaney. "Our guards did a good job on both offense and defense."

"On defense there was good blocking and we picked up on their stunts pretty well," he added.

Williams said Pearl River Central used essentially the same unbalanced line and much of the same

strategy as in last year's game.

He called the Blue Devil line "a tough defense," although the Tigers were able to penetrate it for 211 yards rushing and 76 yards passing.

Bay High started the scoring late in the first quarter with a touchdown on a three-yard run by Willie Lewis.

Stace McRaney followed up with a successful extra point kick to give the Tigers a 7-0 lead with 3:33 left in the quarter.

The Tigers had a score nullified by

a clipping penalty a few minutes later when Trace McRaney intercepted a Blue Devil pass and carried it in from the 25 yard line.

With 3:09 left in a scoreless second quarter, Tiger Matt Fairconnetue stopped a Pearl River scoring threat when he intercepted another Blue Devil pass on the Bay High 16 yardline.

The Pearl River Central defense held the Tigers and they were unable to score again in the first half.

In the third quarter, the Tigers regrouped. Trace McRaney picked up a Pearl River Central fumble on the Blue Devil 25 yardline.

On the next play, Bell tried out his arm and hit Dennis Dear with a 25 yard touchdown strike.

The PAT attempt failed and the score stood at Tigers 13, Blue Devils 0, until Pearl River Central penetrated the Tiger defense with 1:34 left in the third quarter.

Blue Devil Raymond Spiers scored six points on a two-yard run up the middle. The extra point attempt was blocked by Lewis.

With 2:55 to go, the Tigers offset the Pearl River touchdown with a six-yard scoring run by Fairconnetue.

Stace McRaney added the PAT and the final score stood 20-6.

Williams named tackle Greg Necaise as outstanding defensive player for the game. Also named for their defensive play were Dear and Trace McRaney.

Bell was selected as outstanding offensive player. Also named for offensive play were Lewis and Fairconnetue.

Next week, the Tigers travel to Vancleave for their fourth conference game.

Delano Lewis replaced Favre at quarterback and handed the ball to Malley who bulled his way into paydirt as the Hawks scored to make the game tight. A two point conversion try was unsuccessful, and with 9:39 left in the 14-6 game, there was time for anything to happen.

Following an exchange of turnovers, the Hawks started what could have been the tying drive from their own 12 with 5:12 left in the game.

A late hit penalty charged to Stone on a QB keeper moved the ball to the 29. A quick pass to Lewis picked up eight yards. Favre, who returned to the game following Hancock's TD, then passed to Burton who cut left, then cut back to the right all the way across the field to the Tomcat 43.

After an incomplete pass, Jordan took a handoff and muscled his way to a first down at the 25. Unfortunately for the Hawks, two plays later a lost fumble killed the drive and all hopes of a comeback as the Tomcats ran out the clock.

"I'm really disappointed in the performance of our people," Favre stated. "We gave away too many opportunities. It takes a lot out of you. You only get so many chances."

On the other side of the coin, an elated Tomcat coach Floyd Davis exclaimed, "It feels good to win. I'm not only proud for our boys, I'm proud of them."

"We were really worried about Hancock," Davis continued. "They are good. Maybe they didn't play as well as they can."

"It wasn't pretty but it goes in the win column," Davis concluded.

Next week the Hawks, 1-1, will travel to Pass Christian while the Tomcats, 1-2, will travel to Pearl River Central.

Clubs, Auxiliaries

Bay-Waveland Garden Club

The general meeting of the Bay-Waveland Garden Club was held at 2 p.m. Thursday, Sept. 12 at the Garden Center, 114 Leonhard Ave., Bay St. Louis. President Mrs. John Newkirk welcomed members to the first meeting of the 1985-86 year. Mrs. Thomas B. Murphree gave the invocation.

Program chairman, Mrs. Thomas Tompkins introduced Mrs. Van A. Schultz of Lydia's Audubon Shoppe who gave an interesting talk on "Beauty Unlimited Outside Your Window—Backyard Birds."

She spoke on the care and feeding of the birds around homes, stressing the four essentials: food, water, cover and nesting.

Mrs. George Baud gave a horticulture report on the planting and care of the crepe myrtle, the miniature, the bush, and the tree.

Mrs. Horatio Weston spoke on the migration of birds in the Fall and the birds to be seen in the Gulf Coast area during this season.

Mrs. Thomas B. Murphree stated the club will sponsor a poster contest in the elementary schools in the Bay-Waveland area on beautification of the environment and a skit is being planned by members to present this concept to the students.

Environmental instruction aids will be placed in the participating school libraries. One of the club's projects this year will be working to get an ordinance passed in Bay St. Louis and Waveland for the preservation of trees, and the city officials of both cities have been so advised.

Papers and forms for the registration of oak trees in the Historical Register will be distributed.

The Bay-Waveland Garden Club will be working with the Bay St. Louis Historical Society on this endeavor.

Rather than sponsoring a local Fall Flower Show, the Bay-Waveland Garden Club will participate in "A Galaxy of Music, Flowers and Fashion" to be put on at Edgewater Mall, Biloxi, on Saturday, Oct. 12 from 2 until 5 p.m., sponsored by the Mississippi Coast Council of Flower Show Judges and the Gulf Coast Council of Garden Clubs.

The Bay-Waveland Garden Club was recognized for its contribution to the Avenue of Magnolias along the highways. A letter was read from officials of the Hancock County Welcome Center thanking members for volunteer work at the center throughout the year.

The Commercial Beautification Award for September was given to the North Bay Elementary School on Dunbar Avenue, Bay St. Louis.

The Garden of the Month Award was given to Mrs. Laura Green, 126 Grosvenor Place, Waveland.

The 1985-86 Yearbooks, prepared by Mrs. Edwin Larroux, were distributed.

Mrs. Clarence Evans introduced new members, Mrs. Mary Leigh Weston, Mrs. Van A. Schultz, Mrs. Carroll Bowers, Mrs. R. O. Shipman and Mrs. Robert Underwood.

Mrs. Sally Los Calzo made available brochures on common poisonous plants, warning people of the dangers of allergic reactions and poisoning particularly to children.

Mrs. John Holmes introduced Allison and Melinda Miller, Intermediate Gardeners, who thanked members for sponsoring them to attend the summer seminar at Mississippi State University this past summer, and they shared with members their many experiences while there.

It was announced that Mrs. Rene de Montluzin placed an arrangement in the Bay St. Louis Library, and Mrs. Mildred Bancher placed an arrangement in the Waveland Library.

Sally Los Calzo, chairman, introduced the hostesses for the refreshments served at the end of the meeting.

They were Mrs. Horatio Weston, Mrs. Charles Lampa, Mrs. Russell Casey, Mrs. Matt Hunter, Mrs. Mildred Bancher, Mrs. Roger Van Wyckhouse, Mrs. Jack Hively, Mrs. John Green, and Mrs. Waldo Otis, who also made the centerpiece for the refreshment table.

Crafty Homemakers' Extension Club

Eleven members of Crafty Homemaker's Extension Club met Monday at the home of Mrs. Mildred Ramond.

Mrs. Mary Blackstock, president, opened the meeting with the Pledge of Allegiance followed by devotional.

Mrs. Marguerite Fayard, secretary-treasurer, read minutes of the last meeting.

She also read us her latest poem Mississippi.

Mrs. Helen Pahlman and Mrs. Minnie Geiger attended fingerprinting class Homemakers' Council Building. They will teach the program to other members.

Mrs. Pahlman and Mrs. Mary Blackstock spoke of The Callaway Gardens in New Albany, and of visiting it during the Christmas holidays as a coming project for the club.

Mrs. Blackstock showed pictures and descriptive literature on what is to be seen at the gardens.

Mrs. Ramond, the housing energy and environment chairman, discussed getting homes ready for the coming seasons.

Mrs. Winona Weinmann spoke on records, and the importance of keeping them, not only for the present but also for future reference.

Mrs. Ethel Mae Fillangame spoke on citizenship, working for a "common goal" and how best to achieve it.

Mrs. Beatrice Ladner, cultural arts, clothing and textiles chairman, told of the importance of buying the right materials and the proper fitting of clothing.

Mrs. Roslyn Weathers, health, food, and nutrition chairman, explained a method of losing weight and the how's and why's to keep it off.

Mrs. Crystal Schaefer discussed "Elena" and some of the damage done in the Mississippi area.

Mrs. Geiger, vice president, gave focused on spending Christmas wisely with family and friends.

The meeting was adjourned with a prayer. The next meeting will be on Monday, Oct. 28.

Our Lady of the Gulf Catholic Church was the setting for the August 3 afternoon marriage of Melanie Louise Cuevas and Paul Michael Bishop Jr. The Rev. Charles Venus officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Roy J. Cuevas of Bay St. Louis. The groom's parents are Mr. and Mrs. Paul Bishop Sr. of Long Beach.

Decorating the altar were arrangements of white fugi mums, carnations, lavender mums, and white pom-poms. Brass candelabra were draped with ivy and white bows and were flanked with four large ferns.

Nuptial music was provided by organist Mrs. John McKenna and soloist Conrad Mauffray, both of Bay St. Louis.

Given in marriage by her father, the bride wore a formal gown of bridal satin featuring a fitted bodice with sheer yoke with lace appliques which also encircled the hemline of the cathedral length train. Her small bridal hat was covered in Alencon lace and seed pearls with scooped brim and attached veil of illusion.

She carried a cascade of a dozen white bridal roses, statice, baby's breath and ivy with violet silk and lace streamers.

Virginia MacMillan of Bay St. Louis was maid of honor.

Bridesmaids were Michelle Bourgeois of Waveland; Barbara Bishop of Long Beach, sister of the groom; Belinda Cameron of Kiln, cousin of the bride; Renee Lloyd of Bay St. Louis and Krissy Koch of Jacksonville, Fla.

The attendants were identically attired in tea length gowns of lalique taffeta in a spring violet hue each with fitted basque bodice and portrait neckline enhanced with venise lace motif. A ruffled collar framed the neckline and encircled the back in a capelet effect. The dropped waistlines gave way to full, circular skirts.

They carried baskets of white silk morning glories, pink roses and buds, stephanotis and lavender silk baby's breath with stardust gyp.

Flower girls were Michelle Cuevas of Bay St. Louis and Tehra Cuevas of Pass Christian, nieces of the bride.

They wore identical dresses of

white silk organza each with basque bodice enhanced with ruffled flounce neckline. The bouffant skirt was adorned with ruffles of organza and extended to a train of ruffles and roses.

They wore wreaths of silk flowers and carried small baskets of matching blossoms.

Ty Parten of Long Beach was best man.

Groomsmen were Randy Cuevas of Bay St. Louis, brother of the bride; John Stogner of Long Beach; Martye Bishop of Pass Christian, cousin of the groom; Pat Cuevas of Bay St. Louis, cousin of the bride; and Mickey Glancey of Jacksonville, Fla.

Ushers were Ronald Cuevas of Bay St. Louis and Roy Cuevas of Pass Christian, brothers of the bride; and Tony Bishop of Long Beach, brother of the groom.

Rodney Cuevas of Pass Christian, nephew of the bride, was ring bearer.

Readings from scripture were rendered by Brenda Cuevas, cousin of the bride.

Mrs. Cuevas chose for her daughter's wedding a long, sheath

style gown of periwinkle blue crepe with V-neckline and long sleeves.

The mother of the groom was attired in a formal gown of lilac chiffon over crepe de chine, fashioned with capelet sleeves and full, flowing skirt.

A reception followed the ceremony at Jourdan River Shores Club House.

On return from a wedding trip to Fort Walton Beach, Fla., the couple resides in Long Beach.

Pre-nuptial parties
Miss Virginia MacMillan hosted an engagement party at the home of Kelly McDonald on Washington Street.

Mrs. Renee Lloyd hosted a miscellaneous bridal party at the home of Mrs. Vivian Rosetti on Highland Drive.

The groom's family hosted a miscellaneous shower at the home of Diane Ladner in Gulfport.

The bride's family hosted a miscellaneous shower at the home of Mrs. Pat Harville on Lakewood Drive.

A rehearsal supper was hosted by the groom's parents at Todd's Steak House in Waveland.

Collins and de Ben silver anniversaries celebrated

A poolside cocktail party followed by an informal dinner served in the garden was a celebration observed on Friday evening commemorating the twenty-fifth wedding anniversaries of Mr. and Mrs. James Joseph Collins and Mr. and Mrs. Frederick Joseph de Ben. Both couples live on Highland Drive in Bay St. Louis.

The entertainment was given at the residence of Mrs. Richard H. Thames of Esplanade Avenue with Dr. and Mrs. Sidney Chevis and Mr. A. D. Gaines Jr. co-hosting.

Close friends and near neighbors in attendance toasted the honorees and presented them with silver serving trays as tokens of affection and good wishes.

Mr. and Mrs. Collins live at 519 Highland Drive and are the parents

of James Joseph Collins Jr., Brennan Robert Collins of Houston, Texas and Michael Waldon Collins, a student at Mississippi Southern in Hattiesburg. Prior to their marriage Mrs. Collins was Patsy Ruth Leblanc of Donaldsonville, La. The couple was married in that city in 1960.

Mr. and Mrs. Frederick de Ben live at 515 Highland Drive in Bay St. Louis and are the parents of Frederick Joseph de Ben Jr., Theresa Marie, Pamela Elizabeth, Kimberly Ann and Wendy Joann de Ben, all of Bay St. Louis. Prior to her marriage, Mrs. de Ben was Barbara Nelson of Woodhull, Ill. The couple married in New Orleans, the former residence of Mr. de Ben.

Moran-Corr

The engagement and approaching marriage of Donna Lynne Moran to Mark Stephen Corr is announced by her parents, Donald E. and Helene Moran of Bay St. Louis. Mr. Corr is the son of William and Shirley Corr Sr. of Waveland.

The bride-elect is a 1983 honor graduate of Bay Senior High School. She was graduated with special honors from Pearl River Junior College.

Miss Moran is a two year member of Phi Theta Kappa honor fraternity and was president of Phi Theta Lambda business fraternity. She is 1985 Miss Hancock County Chamber of Commerce and is employed with Mississippi Power Co. in Gulfport.

She is the granddaughter of Mr. and Mrs. Milton S. LaFontaine of

Bay St. Louis and Mrs. Helen Moran Sinclair of Pass Christian and the late William Milton Moran Sr.

Great-grandparents are Mrs. Germaine Goulet of Redwood, City, Calif. and the late Robert Goulet and David Niolet of Delisle and the late Mrs. Otesia Ladner Niolet.

The prospective groom is a graduate of Bay Senior High School. He is employed with Boudreaux's Dry Wall Inc. in New Orleans.

Mr. Corr is the grandson of Peter J. Noto of Waveland and the late Mrs. Zona Yarborough Noto and the late Mr. and Mrs. Owen T. Corr.

The couple will solemnize vows October 11 in a 7 p.m. ceremony in Our Lady of the Gulf Catholic Church.

DONNA LYNNE MORAN

HENRY LADNER AND KAREN SEAL

Ladner-Seal

Mr. James (J.C.) Seal of Picayune announces the approaching marriage of his daughter, Karen Seal, to Henry Ladner, son of Mr. and Mrs. Gaston Ladner of Pass Christian. Miss Seal is the daughter of the late Marie Seal.

The bride-elect is a 1984 graduate of Hancock North Central High School and a 1985 graduate of Pearl River Junior College. She is employed with Computer Services Corporation (C.S.C.) at the National

Space Technology Laboratories. The prospective groom attended Hancock North Central High School and is employed with B & B Trucking.

The couple will exchange vows September 28 in a 1 p.m. ceremony at Catahoula Baptist Church on Highway 43, with reception following at the Knights of Columbus Hall on Highway 603, Kiln. Friends and relatives are invited to attend.

MR. AND MRS. ADRIAN JAMES TRNNICH

Trninich-Fiedler

Amy Carter Fiedler and Adrian James Trninich were united in marriage July 23 in Picayune, Miss. with Judge Horatio Frierson officiating. The bride is the daughter of Mrs. Jack Carter Fiedler of Hancock

County and the late Mr. Fiedler. She was graduated from Hancock North Central High School and attended Pearl River Junior College and William Carey College on the Gulf Coast.

Mr. Trninich is the son of Mr. and Mrs. James Trninich of Denver, Colorado.

The couple now resides in Denver, where the groom is enrolled in school.

FOURTH BIRTHDAY— Kevin Estrade, son of Mr. and Mrs. Mel Estrade of Bay St. Louis, celebrated his fourth birthday on August 3 with a skating party at Twin Pines Roller Rink. Helping Kevin celebrate his birthday party were his family, friends, and nursery school playmates. Kevin is the grandson of Mr. and Mrs. James A. Ryan of Bay St. Louis, and Mr. and Mrs. D. B. Estrade of Metairie, La.

FIRST BIRTHDAY— Dana Marie Kimmel, daughter of Harry and Elizabeth Kimmel of Bay St. Louis recently celebrated her first birthday at the home of her maternal aunt, Jennifer Smith of Poplarville. She is the granddaughter of Beverly Ortiz of Bay St. Louis and the late Vincente Ortiz and Mr. and Mrs. James Kimmel of Bay St. Louis. Her great-grandparents are Mrs. Ruth McDaniel of St. Bernard, La. and Mrs. Ortiz of New Orleans.

FOURTH BIRTHDAY— Michael Mareno celebrated his fourth birthday August 25 with a Sesame Street theme party at the home of his aunt and uncle, Mr. and Mrs. Johnnie Walker of Pass Christian. Michael is the son of Mr. and Mrs. Terry Mareno of Bay St. Louis. Maternal grandparents are the late Thelma Adam Mastie and Mike Mastie. Maternal great-grandmother is Mrs. Eula McArthur. Paternal grandmother is Mrs. Catherine Mareno of Mobile, Ala. The children were entertained by a special visit from "Cookie Monster."

Pre-nuptial parties honor wedding couple

Prior to their Aug. 31 wedding, Miss Brenda Heathcock of Bay St. Louis and Eric Hughes of Diamondhead were honored with several bridal showers and parties.

A miscellaneous shower, hosted by Paula Harmon, Rose Levoy, Karen Skipper, Jo Ann Davis and Patsy Pitts was given in Miss Heathcock's honor at the Mississippi Power Company community room in Waynesboro.

The home of Mrs. Edward (Nacie) Heathcock in Copeland, Ala. was the setting for a miscellaneous shower in honor of the bride-elect.

Hostesses were Mrs. Heathcock, Diane Crager, Mrs. Marshall Gatlin, Mrs. T.J. Taylor and Mrs. Gene Jones.

A patio party was held at the home of Mrs. James (Lynn) Curet of Kiln. Mrs. Curet and Janice Barrett of Shoreline Park were hostesses at the party for the couple.

A group of ladies at the Waynesboro Church of Christ also hosted a miscellaneous shower in honor of Miss Heathcock.

The ladies of Bay St. Louis Church of Christ entertained Miss Heathcock and several of her family members with a bridal shower at the

church.

A "Pennies from Heaven" bridal party was given in honor of the wedding couple at the home of Mrs. John (Evelyn) McPhail in Diamondhead. Hostesses were Mrs. McPhail and Fran Gammill.

Dr. Wm. L. POWELL

MUSCLE SPASMS

Violent, involuntary contractions of a muscle or group of muscles initiate the painful condition of muscle spasms. They can occur in almost any muscle of the body. Most frequently they occur in the back, neck, stomach or bladder. Even the involuntary twitching of the eye lids, or facial muscles is associated with muscle spasm. The single or riddle of their cause has been solved. As it has been shown that the majority of all muscle spasms are caused by nerve root pressure, even though there can be other aggravating factors, injections, muscle relaxants and traction are measures which give temporary relief but contribute little to the correction of the basic cause of nerve pressure. A Chiropractic examination will get at the truth of the matter and application of spinal adjustments, if necessary, will permit the correction of the majority of these conditions. Prompt attention in this matter usually brings prompt results.

HAMBURGER STEAK FRESH FLOUNDER SPECKLED TROUT CHAR-BROILED BREAST OF CHICKEN

The above items served with a potpourri of fried vegetables or fresh cut potato wedges and a roll... ALSO you can order any three of our delicious meats on a giant sesame seed bun, the FRESHEST, BESTEST SANDWICH you've ever tasted!

A fresh fruit plate with cottage cheese on a bed of lettuce served with our freshly ground hamburger steak or char-broiled breast of chicken is a de-light-ful break from fried foods. Top off any of these combinations with Melva's homemade Mississippi Mud or Pecan Pie, and you've experienced one of the finest meals available on the Gulf Coast, and the price is right too!!

PUBLIC NOTICES

BECAUSE THE PEOPLE MUST KNOW

STATE OF MISSISSIPPI HANCOCK COUNTY EXECUTIVE'S NOTICE TO CREDITORS

Letters Testamentary having been granted on the 30th day of September, 1985, by the Chancery Court of Hancock County, Mississippi, to the undersigned upon the Estate of Noel W. Antoine, deceased, notice is hereby given to all persons having claims against said estate to present the same to the Clerk of said Court for probate and registration according to law within 90 days from this date, or they will be forever barred.

This 8th day of September, A.D., 1985.

Estelle deMonsabert Antoine, Executrix

9-8; 9-15; 9-22; 9-29-85

PUBLIC HEARING

A public hearing will be conducted by the Bay St. Louis Planning and Zoning Commission on Tuesday, October 15, 1985, at 7:00 p.m. considering changing the zoning classification of the following described to-wit:

Lot 218-A and 218-B, Ward Four, City of Bay St. Louis, Hancock County, Mississippi, (located at 702 3rd St., and adjacent thereto)

from R-3 (multiple family dwelling) to R-1 (single family dwelling) to maintain the residential character of this neighborhood, and for future residential construction.

The public hearing will be conducted in the City Council Chambers of City Hall. All interested citizens and agencies are urged to attend.

Edward A. Favre, City Clerk

City of Bay St. Louis

9-15, 9-22, 9-29-85

ALCOHOLIC BEVERAGE CONTROL DIVISION

MISSISSIPPI STATE TAX COMMISSION

JACKSON MISSISSIPPI

We, the partners of

The Wine Seller Liquor and Wine, intend

to make application for a Transfer of

Package Retailer Permit under the provisions of the Local

Option Alcoholic Beverage Control Laws Housebill 112

Mississippi Code of 1972. If granted a

transfer from Kevin R. Edwards Sr. and

Kathryn C. Edwards who are now

operating at 999-D Highway 90,

Waveland, MS 39576 under the trade name of

The Wine Seller Liquor and Wine. We

propose to operate at the same location of

Hancock County.

The name(s), title(s) and

address(es) of all owners/partners/officers of the above

Partner - Dianne D. Seller, Rt. 2, Box

345R, Bay St. Louis, MS 39520.

THIS, the 18th day of September, 1985.

9-22; 9-29-85

IN THE CHANCERY COURT

HANCOCK COUNTY

MISSISSIPPI

IN THE MATTER OF THE ESTATE OF NOEL W. ANTOINE, DECEASED

ESTELLE deMONSABERT ANTOINE, ET AL

VS

HEIRS AT LAW OF NOEL W. ANTOINE, DECEASED

SUMMONS

CAUSING 12-85

TO THE HEIRS AT LAW OF NOEL W. ANTOINE, DECEASED

You have been made defendant in the lawsuit filed in this Court by

Estelle deMonsabert Antoine, Stanley Antoine, Shelley Rose Antoine, Patrick Murray Antoine, Wendy Joan Antoine Ganser, and Michael W. Antoine, Petitioners,

whose address is c/o Estelle deMonsabert Antoine, 7977 Edgelake Court, New Orleans, LA 70128

The Petition filed against you has initiated a civil action alleging that

Petitioners are the sole heirs at law of Noel W. Antoine, deceased, and seeking legal adjudication of the

heirs of Noel W. Antoine, deceased. You are required to mail or hand

deliver a copy of a written Answer either admitting or denying each

allegation in the Petition to Robert L. Gendin, Jr., Petitioner's Attorney,

whose address is P.O. Drawer 71, Bay St. Louis, MS 39520.

YOUR ANSWER MUST BE MAILED OR DELIVERED NOT LATER THAN THIRTY DAYS AFTER THE 8th DAY OF SEPTEMBER, 1985, WHICH IS THE DATE OF THIS FIRST PUBLICATION OF THIS SUMMONS. IF YOUR ANSWER IS NOT SO MAILED OR DELIVERED, A JUDGMENT BY DEFAULT MAY BE ENTERED AGAINST YOU FOR THE RELIEF DEMANDED IN THE PETITION.

You must also file the original of your Answer with the Clerk of this Court within a reasonable time after.

WITNESS my signature and official seal this 8th day of September, 1985.

(SEAL)

R. Michael Neill, Clerk of Court

Bay St. Louis, Mississippi

9-8, 9-15, 9-22, 9-29-85

HELP WANTED—FRONT COUNTER PERSON for High Speed Copy Center, work part time, 11 to 4 p.m., Monday-Friday. Must be able to type well. Please apply at main office, High Speed Copy Center, 1323 28th Ave., Gulfport, Ms. 9-22-2tchg.

PART TIME POSITION earning \$4.00 per hour, 6 hours per week, servicing greeting card and gift wrap department in a local store available to a responsible individual in the area of 344 Choctaw Plaza, Waveland. Please send a brief resume including your phone number and this ad to P.O. Box 410, Taylorville, IL. 62568. 9-12-4tchg.

EXPERIENCED MILITARY HELP WANTED.

If you've served in the military, there's a tremendous opportunity waiting for you in the Air National Guard.

Part-time only. The skilled positions we're looking to fill are part-time jobs. Just two days a month plus two weeks a year. And we'll pay you well for your time. In fact, you'll probably start at your old rank.

Great fringe benefits. You'll also regain the military benefits you left behind. Low-cost life insurance, base exchange privileges, your retirement plan and more. Plus, you'll be doing something very important for your country, state and home town. You'll be guarding America's skies.

Interested? Call your Air Guard recruiter today. 863-4020

AIR NATIONAL GUARD We Guard America's Skies.
